

I am hoping that AIR 1 is not effected by your LPFM broadcast service for they provide a wholesome alternative to most of the music available today. It is a station that my entire family enjoys as well as many of our friends. It would be a shame to lose such a station. AIR 1 reaches people of all ages from preteens on up. I would like to hear more stations like AIR 1 on the radio instead of some of the, what I consider as trashy music stations. Please keep AIR 1
Thank you, Annette Hahnel
